Otherwise, the parties hereto shall negotiate in good faith to address the increased costs of such delay or unforeseen circumstance.

(a) **Confidentiality.** The Consultant hereby agrees that the Consultant shall consider all work performed for EQ and the results thereof, including, but not limited to, any reports or test results (hereinafter “Confidential Information”), as confidential and proprietary to EQ to be shared only with EQ and EQ’s legal counsel. The Consultant agrees that any and all proprietary information or any private information provided to the Consultant in connection herewith shall also be considered Confidential Information which shall not be disclosed to others.

The Consultant further agrees that it will not, without the prior written consent of EQ, publish or otherwise divulge or disclose, or discuss with anyone, the Confidential Information irrespective of the source of such Confidential Information, other than publications thereof to EQ and EQ’S legal counsel, and parties designated by either EQ or EQ’s legal counsel. The Consultant shall take all reasonable precautions to assure that such Confidential Information is not used by or disclosed to others, directly or indirectly, other than as provided herein. Said precautions shall include, but not be limited to, the following: (a) advising all of the Consultant’s directors, officers, agents, employees and representatives, including, but not limited to, subcontractors, laboratories, technicians, engineers and consultants retained by the Consultant, of such privileged, confidential, and proprietary status, and securing verbal or written agreements to honor same, and (b) refraining from publishing or divulging any such information in breach of the intent hereof.

Notwithstanding the above, the Consultant may comply with all legally binding judicial orders or governmental directives, and federal, state and local laws, rules, regulations and ordinances mandating the reporting to the appropriate public agencies the Consultant’s knowledge of findings which indicate that there exists a danger to public health, safety or the environment; provided, however, that in the event the Consultant determines that it is required to disclose any Confidential Information under such circumstances, the Consultant shall, unless precluded by applicable law, judicial orders or governmental directives, notify EQ in writing at least 24 hours prior to disclosure and EQ may, but shall not be obligated to, interpose all objections it may have to the disclosure of such information, including, but not limited to, the right to seek an appropriate protective order. If Consultant is required to disclose such Confidential Information by legally binding judicial orders or governmental directives, and federal, state and local laws, rules, regulations and ordinances mandating the reporting to the appropriate public agencies, the scope of Consultant’s disclosure of such Confidential Information shall be as narrow as is legally permitted by such applicable laws, provided, that EQ may waive such limitation, in its sole discretion, by providing Consultant with written notice of such waiver.

The obligation of the Consultant to maintain the Confidential Information in confidence shall continue indefinitely except with regard to any Confidential Information that, after the date hereof, through no action on the part of the Consultant, becomes generally available to the public. Furthermore, regardless of whether the information shall be a part of public record or is generally available to the public or to governmental officials, the Consultant shall refrain from and avoid any additional publicity or notoriety with respect to EQ, this Agreement or environmental matters pertaining to any of them.

The undertakings and provisions under this Agreement are related to matters which are of a special and unique character, and a violation of any of the terms of this Agreement, including the matters described in this Section 8, will cause irreparable injury, the amount of which will be difficult, if not impossible, to determine and cannot be adequately compensated by monetary damages alone. Therefore, if Consultant breaches or threatens to breach any of the terms of this Agreement, in addition to any other remedies that may be available under this Agreement, applicable law or equity, EQ will be entitled, as a matter of course, to specific performance, an injunction, a restraining order, or any other equitable relief from any court of competent jurisdiction, requiring compliance with this Agreement or restraining any violation or threatened violation of any such terms by Consultant or by such other persons as the court may order, without being required to prove irreparable harm or post bond.
