**DELAWARE HAZARDOUS WASTE TRANSPORTER PERMIT
PERMIT NUMBER DE-HW-0537**

Effective Date: February 14, 2008 EPA Identification Number: MI0000263871
Date of Expiration: September 30, 2012

Permittee: EQ Industrial Services
2701 N. I-94 Service Drive
Ypsilanti, MI 48198

This permit, issued pursuant to the provisions of 7 Del. C. Chapters 60 and 63, shall remain in effect for a period of five years provided the permittee submits the permit renewal fee (which will be invoiced annually), and complies with all the terms and conditions of this permit. Failure to submit the annual renewal fee within the specified invoice period and comply with the terms and conditions described herein shall result in the termination of the permit pursuant to 7 Del. C. Chapters 60 and 63. It shall be the responsibility of the permittee to be familiar with all the following conditions:

1. A copy of this permit must be carried in each transport vehicle and presented upon request to any law enforcement officer or representative of the Delaware Department of Natural Resources and Environmental Control (DNREC).
2. As specified in the application for this permit, the following wastes may be transported by the permittee: Part 261 characteristic or listed hazardous wastes; used or waste oils (as defined by Part 279, Used Oil Management Standards); spent antifreeze exhibiting a characteristic of hazardous waste; PCB contaminated hazardous waste; spent fluorescent lighting tubes and ballasts when managed as a non-universal waste.
3. Only those vehicles identified in the application for this permit may be used to transport the wastes identified in Condition 2. All vehicles shall be operated in accordance with *Delaware Regulations Governing Hazardous Waste*, Part 263, Section 263.105. Permittee shall also be responsible for leased vehicles and contractors operating under this permit.
4. Wastes identified in Condition 2 of this permit may not be transported to facilities that are not permitted or specifically approved by the receiving state to accept and manage those wastes.
5. Each vehicle must display the company name in 3-inch letters on both sides of the motorized unit (tractor). The permit number must be displayed in 3-inch letters on both sides and rear of the containerized unit (trailer).
6. All vehicles shall carry the safety and emergency equipment contained in the application for this permit in addition to any equipment required by Federal DOT 49 CFR Motor Carrier Safety Regulations.

Delaware's good nature depends on you!

7. All vehicles shall carry spill containment equipment appropriate for the type of waste being transported. All vehicles shall carry a copy of the Spill Control Plan.
8. All vehicles shall be equipped and operated so as to prevent any release of waste material to the environment.
9. All personnel shall be properly trained prior to handling or transporting wastes for which this permit is being issued.
10. Permittee shall at all times be in compliance with applicable insurance requirements for motor carriers as prescribed by Federal DOT 49 CFR Part 387.
11. Permittee must notify the Solid & Hazardous Waste Management Branch in writing of any additions or changes in waste types to be transported, ownership information, TSD facilities, and/or changes in operations, procedures or equipment within ten (10) working days after putting those changes into effect.
12. This permit does not relieve the permittee of complying with any other applicable Federal, State or local regulations or ordinances.
13. In the event that regulations governing the activity authorized herein are revised, this permit may be reopened and modified after notice and opportunity for a public hearing. At that time, additional limitations, requirements, and/or special conditions may be included in the permit.
14. The provisions of this permit are severable, and if any provision of this permit, or the application of any provision of this permit to any circumstance is held invalid, the application of such provision to other circumstances and the remainder of this permit shall not be affected thereby.
15. Permittee shall immediately contact the Department in the event of a release of any waste material while in transport in or through Delaware. The 24 hr. numbers to call are 1-(800)-662-8802 (in-state only) or (302)-739-9401 or 911.
16. Special conditions: None.
